“...Just had another listen to my reading tonight and still amazed at the amount of information that came from my chart. It has also shown me how at ease I feel with you as I shared some past pains!!!....”

“...thank you very much for the session today!

The single session with you is so much more fruitful in increasing my awareness of my own self compared to a number of sessions with a psychologist - I DO mean it!!! I can sense the power that emerges from knowing who I am, what contradictions are inside me and why on Earth I sabotage myself in issues that others find straightforward. This is such an important part of my growth and I am so grateful for finding you!!!....”

“...Thank you so much for yesterday, I really enjoyed it and learned a lot....”

“I listened with great pleasure to our consultation and realised how much I'd forgotten of what was said, and how important having the recording is. I realise I will have to listen several times for it all to sink in. I would like to say also that you have a really beautiful voice, which is a pleasure to listen to. I thought that on the day I met you and felt it even more just hearing you today. Once again I would like to thank you for your work. I am very grateful to you for all you have done, and am very impressed by the consultation. I am so glad to have had the opportunity of meeting you and of having a consultation. it does feel like the beginning of something new....”

“... just a wee note to say thank you for my reading. I really found it very helpful....”

“...Thank you for the time and energy you put in to exploring this complex life

of mine - I will treasure the opportunity to re-explore what you have given me....
I will take some time to process this special day - and will be in touch. I
would like to explore a bit more if you have space to do so....”

“... I was impressed by your session. Your reading was highly accurate and your interpretations made sense on many levels. I had another astrology session locally a couple weeks ago and I left disappointed. I believe the difference is in perspective, ability to handle contradiction and I really clicked with your reading of my Saturn. I have a good relationship with my Saturnian side, like you, the other astrologer did not.

I look forward to working with you again...”

“...Life went absolutely haywire the past few months but it all seems to be settling now and going accordingly. The readings you gave me have really helped to guide me through this chaotic time, so thank you for all your wisdom, I am very grateful...”

“...It was lovely to meet you today. I got a lot out of your interpretation of my charts, in great part due to your counselling skills...”

“...I had such a great afternoon yesterday and I am so pleased I contacted you. It was so funny how you could pin point certain dates with hard experiences. I am going to keep going with my head up and keep learning as I go. Hopefully see you in the future. Thank you so much again truly. X...”

“...Thank you also for my chart reading last week, it was highly inspiring and illuminating as before...”

“...Thank you so much for our session yesterday. It was a great pleasure to meet you and I feel I gained some useful insights into myself and how to keep fighting the good fight of life! I have been researching some of your suggestions and hopefully will soon manage to find the spark which has been missing, to give me the extra energy and will to move forward positively....”

“Since you did my birth chart last year, an experience that was so heart-warming and affirming that I would recommend it to anyone, I have become much clearer about who I am. Every time I listen to the recording I hear something else that resonates. So thank you again for that.”

“...Thank you for a very stimulating and rewarding hour. My mind is still buzzing. I hope we can meet again at some point and explore the chart a little further. Plenty to reflect on, in the meantime.....”

“...You have certainly given me a lot to think about - and thank you for your sensitivity. You are a great 'advert' for astrology!....”

“...I am still processing our session and I am very happy that I found you. You feel like a kindred spirit to me and your insights allow me to shine some light on some disowned or little understood parts of myself.”

“...I just wanted to thank you. You have changed my life. I can see my faults and what I want so much more clearly now. I AM LEARNING. I am so happy. Thank you.....”

“...Thank you for my file. I can't tell you how many times I have listened to it since receiving it!! J and I were lying in bed at 1 am this morning listening to it. He was absolutely blown away in the first couple of minutes when you spoke about my mum and dad. As was I. You certainly "got" me Anne!

You have given me such a lot to think about and to work on.. I was very uplifted to hear about the "gifts" that are available to me and... hope to explore that a little more. You really are an inspiration Anne! Where did that hour go?? ...Thanks again for all your help and support over our short time together.....”

“...Thank you, Anne, for all your help and support which I have found invaluable. You have had a big impact on my life over the last twenty years and I look forward to meeting again.....”

“...I very much appreciated our meeting yesterday and valued your wisdom and skill as ever...will be in touch when I reduce my hours to arrange some mid-life reflection sessions.....”

“...Already almost three weeks since I met with you and a fantastic 40th birthday in between! I wanted to write to say thank you for such a rich meeting, both in my reading and my encounter with you. It has been a very wonderful source of reflection over these last weeks and at the beautiful crossroads of my 40th year.”

“...Thanks again for the very insightful reading and it feels so reassuring to be understood. Will take some time to mull it over though...”

“...I listened back to the analysis and found it very interesting. I love the fact that you can be many things and don't have to define yourself in one realm; I particularly like your advice to nurture the subtle parts of my nature...

It was lovely to meet you yesterday and thanks for giving me a bit more of your time”...

“...i want to thank you from the bottom of my heart for your consultation, Anne. priceless info! have passed your name on to a dear friend...”

“...Just to let you know that I REALLY enjoyed our session together yesterday. Many thanks for that. It's just amazing how one can become so bogged down that

they often can't see the wood for the trees. You felled a forest for me yesterday and afforded me a view of a new vista! I started listening to a youtube video last night 'Learning to love yourself'. So that's a start. I woke up today feeling so much better ... and more than anything focused..."

"I met with C yesterday for lunch and she was full of admiration and enthusiasm for the insights arising from her meeting with you ..."

"I got so much from my sessions with Anne - she creates the space to talk, explore, discover possibilities - think out ways of moving forward well. All this given with much kindness, compassion, skill and "stickability" through challenges. Great!"
