

## Mentoring/Teaching Testimonials Autumn 2018

### **from Ghislaine W:**

‘...Through a personal recommendation over 20 years ago, I was put in touch with Anne to benefit from the study of Astrology and understand the positive impact it might make towards self development. Anne having a very extensive and thorough knowledge of astrology and a unique generosity to all her students, has made my time a very enjoyable one, and still does. Her dedication and passion in this field over the years, has been very apparent to all her students. Her workshops and tutorials are balanced, extensively prepared, and the depth of her contributions, to which I am personally indebted, has cemented Anne as one of the leading astrologers both in Scotland and beyond. I would highly recommend Anne as a true professional and an inspirational mentor...’

### **from June O:**

‘...I first came to Anne’s classes a number of years ago in quite a large group. She inspired me right away with her knowledge of astrology and the wisdom and sensitivity with which she handled information and communicated with the group. At that time I had virtually no knowledge of astrology but was never made to feel inferior and always encouraged. In the last few years I returned to Anne in a small group setting to reacquaint myself with astrology in a supportive setting.

Anne has managed our small and changing band expertly. She is very aware of our strengths and areas for development and skilfully steers us through, increasingly encouraging us to take a lead role in our own and others’ learning. She pays strict attention to confidentiality at all times and shows great empathy and sensitivity to us. As a result we feel empowered and supported to take on new challenges and explore new areas. I feel my self awareness and ability to reflect on life has been enriched through being in this group. It has been a very therapeutic and fulfilling experience...’

**from Carole B:**

‘...I first met Anne Whitaker in 1999 as a new student of astrology. Over the years that I have known her she has been not only an inspirational teacher but also guided and supported me in my aspirations to write poetry, in public speaking and perhaps most importantly with personal confidence. I am sure I would never have achieved as much were it not for her generous support and unwavering encouragement. She has a unique ability to see others strengths, talents and encourage them to fulfil their potential. Her influence as a teacher and mentor has been and still is uplifting, heartening and life changing...’

**from Frances M:**

**from D-L G:**

‘...I have been having Astrology chart readings with Anne for many years now and have attended regular tutoring sessions with her since I began studying the subject two years ago. It goes without saying that Anne is at the top of her field in terms of knowledge, experience, and wisdom. In addition, as a tutor and mentor she is extremely generous, encouraging, supportive and nurturing. I feel very fortunate to have had the opportunity to work with Anne and would highly recommend it...’

**from Rena B ( Canada) :**

‘...Anne has an uncanny ability to inspire and motivate while providing guidance from her vast reservoir of astrological knowledge. I am still amazed at her ability to pick out exactly the small bits that were still unclear. Her breadth of experience is matched only by her keen insight and ability to cut to the heart of the matter at hand.

Working under Anne’s excellent guidance (*during 2016-7*), my astrological abilities strengthened and clarified most significantly under her personal tutelage Anne is a mentor for any who strive for excellence in their astrological studies...’
